C23I6XX00 Version: 04/2019

COMPARED TO OLD MODEL

TOFANAII-vs-PHARIO360°

- Suitable for diferent users, from the kids to the adults weigting 40 120 kg (88 265 lb).
- In accordance with a new standard EN 958:2017.
- Inovated flexible arms with stainless steel swivel.
- Rounded ergonomic shape for easier handling.
- Slight increase in weight of the set.

Tofana II. lock

MAINTENACE

Lifetime of this product depends on the frequency and the environment (salt, sand, moisure, chemicals, etc.) in which is used. Without taking wear or mechanical damage into account and the conditions specified in the instructions for use this product may be used 15 years from the date of production and 10 years from the date of first use.

However mechanical damage can occur during the first use, which can limit the lifetime of this products only to its first use.

With reference to the character of the product we recommend to withdraw the product from the use after approx. 200 climbing days - e.g.:

5 years lifetime from the date of first use for occasional use

2 years lifetime from the date of first use for intensive use (rental, rope courses)
