

MIRAGE ALPINE

Wire-gate quickdraw with 60 cm Dyneema® sling for trad climbing. Designed with focus on light weight and excellent handling.

DESCRIPTION

Wire gates do not freeze up in alpine and winter conditions.

Wire gates reduce whip-lash effect on the gate in a fall.

Longer sling reduces the rope friction in the carabiners. Sling allows to use the quickdraw at two lengths depending on the style of the route.

Large rope-bearing surface.

Very lightweight hot-forged construction with wire gate.

8 mm wide and 60 cm long Dyneema® sling is thin, strong and light, which perfectly fits into wet conditions at alpine terrain.

KEY FEATURES

- compact shape and minimal pack size
- adjustable length
- made in CZ

STANDARDS

CE 1019
EN 566
EN 12275

FEATURES

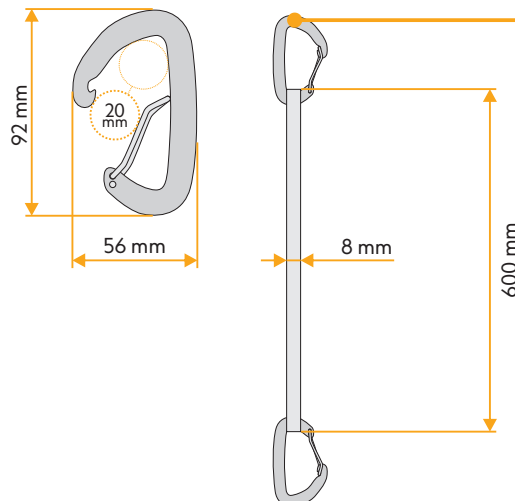

25 kN	8 kN	8 kN	20 mm	22 kN	82 g / 2.9 oz	unique number	warranty

MATERIALS

- 70 % aluminum alloy
- 15 % Dyneema®
- 10 % stainless steel
- 5 % rubber

TECHNICAL DATA

0000RK001MMYY

0000 – unique serial number
RK001 – product code
MMYY – month and year of production

COMPARISON

MIRAGE ALPINE- VISION QUICKDRAW

- greater strength
- made in Czech Republic
- larger gate opening

VISION

MAINTENANCE

Lifetime of this product depends on the frequency and the environment (salt, sand, moisture, chemicals, etc.) in which is used. Without taking wear or mechanical damage into account and in compliance with the conditions specified in the instructions for use this product may be used 15 years from the date of production and 10 years from the date of the first use. However mechanical damage can occur during the first use, which can limit the lifetime of this products only to its first use.

beware of UV

beware of salt

beware of chemicals

washing

drying
