

Made in Czech republic light alloy wire gate carabiner for all-around use. Designed with focus on light weight and excellent handling.

DESCRIPTION

Large rope-bearing surface.

Wire gates do not freeze up in alpine and winter conditions.

Wire gates reduce whip-lash effect on the gate in a fall.

Very lightweight hot-forged construction with wire gate.

Available in 6 pack only: $3 \times \text{silver} + 3 \times \text{black}$

KEY FEATURES

- compact shape and minimal pack size
- handling
- made in CZ
