

↑ WIZARD LIGHT

Our lightest ice axe designed especially for ski touring, altitude climbing and all adventures where every gram counts.

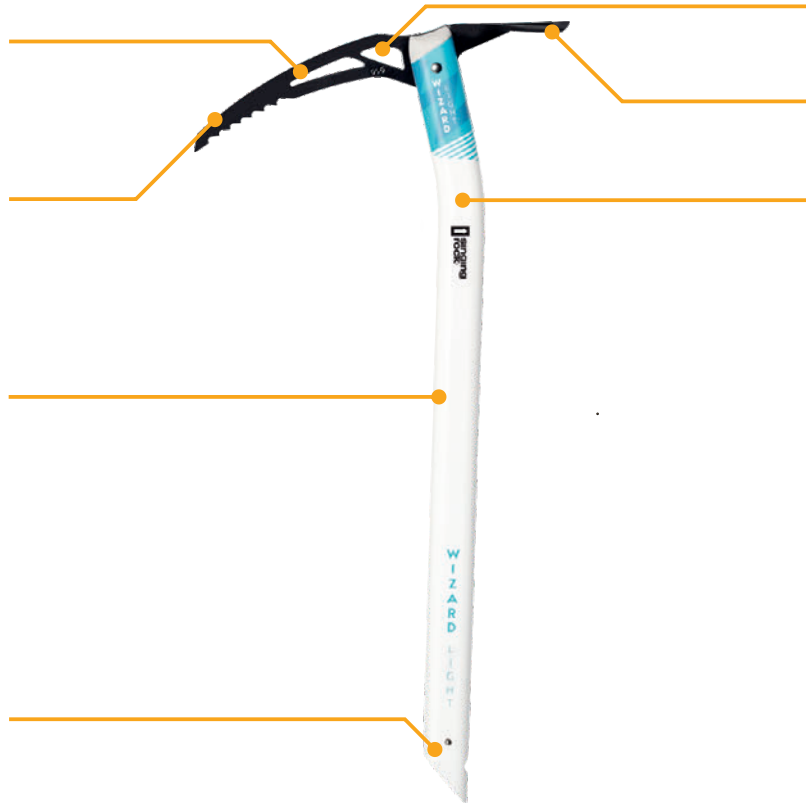

DESCRIPTION

Ice axe head is ergonomically shaped and makes self-arrest manoeuvre easier. Holes in the head is big enough for attaching a carabiner.

Pick is made of durable chromoly steel and it easily penetrates even hard snow or alpine ice.

Two different lengths.

Bottom part of the shaft is sealed against snow and equipped with a hole for attaching a carabiner. Without steel spike.

FIX and BUNGEE SINGLE leashes compatible.

Adze is designed for easy cutting of steps or snow platforms.

Curved shaft under the head makes climbing in icy or mixed terrain easier while the bottom straight part easily penetrates snow.

KEY FEATURES

- low weight
- pick of chromoly steel
- 2 different lengths

STANDARDS

CE 1019
